A101 Aviation Association, Inc.
Notes to Compiled Financial Statements
December 31, 2009

Note 1 - Summary of Significant Accounting Policies:

Organization and Operation – A101 Aviation Association, Inc. ("The Association"), is a non-profit corporation organized as a war veterans association under I.R. C. §501(c)(19) whose purposes are to support the 101st Airborne Division – Air Assault, promote the social welfare of the community, perpetuate the memory and legacy of A/101 Aviation, perpetuate the memory of veterans and comfort those survived by them, attend veterans memorial services, conduct charitable and educational programs, sponsor social and relational activities for Association members, and to operate, award and maintain the A/101 Aviation Memorial Scholarship Fund.

Financial Statement Presentation - The accompanying financial statements are presented in accordance with Financial Accounting Standards Board Statement Number 117. Under the provisions of this statement, financial activities are classified as follows:

Permanently restricted – represents amounts received with donor-imposed stipulations which neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Association.

Temporarily restricted - represents amounts received with donor-imposed stipulations which restrict the use of an asset until a future period or only for certain types of expenditures. Until the stipulated restriction has been met, these amounts remain temporarily restricted net assets. At the time the Association meets the donor-stipulated restriction, the amount is transferred from temporarily restricted revenue to unrestricted revenue (See Statement of Activities: Net assets released from restriction, if any for the year ended December 31, 2009.)

Unrestricted - represents amounts received without donor-imposed stipulations which are available to use in accordance with the scope and mission of the Organization under the control of Organization management. Unrestricted net assets include such amounts not expended as well as other assets acquired under the terms of donor-imposed stipulations.

Donated goods and services – The accompanying financial statements are presented in accordance with Financial Accounting Standards Board Statement Number 116. Under the provisions of this statement, the Association has included the value of donated goods and qualifying services as a part of total revenue and expenses. Donated assets and services are recorded at estimated fair market value.

Cash Equivalents - For purposes of these financial statements, management considers all non-equity investments with original maturity of twelve months or less to be cash equivalents. All bank certificates of deposit and market rate accounts are considered cash equivalents.

Estate and Trust Receivables – The Organization records estate receivables when notified of its beneficiary status and a verifiable amount of receipt. Based upon analysis of anticipated distributions, amounts projected to be received beyond one year are classified as non-current assets.

Uninsured Cash Balances - Statement of Financial Accounting Standards No. 105 identifies financial institution deposit balances in excess federally insured limits as a concentration of credit risk requiring disclosure, regardless of the degree of risk. The risk is managed by maintaining all deposits in high quality financial institutions. Amounts in excess of insured limits were approximately \$0 at December 31, 2009.

Note 1 - Summary of Significant Accounting Policies (continued):

Inventory Valuation - Inventory consists principally of quid pro quo items given away with relational dollar value donations. Such inventory is valued at cost if purchased and at estimated fair value if donated.

Beneficial Interests in Funds Held by Others – Amounts represent trusts and funds held and managed by others. The Organization records such amounts when notified by donor or donor representative. Based upon analysis of anticipated distributions, amounts projected to be received beyond one year are classified as non-current assets. The Association had \$0 beneficial interests in funds held by others at December 31, 2009.

Property, Equipment, and Depreciation - Property and equipment used by the Association are recorded at cost if purchased and at estimated fair market value if donated. Depreciation is computed using the straight-line method, half-year convention, over the estimated useful lives of the assets.

Fund Raising Costs and Advertising - The Organization relies upon its members and civic and community groups in promoting the need for support of veteran programs and its Memorial Scholarship program. Donated amounts for supplies, signs, radio and television advertising are recorded as in kind support with an offsetting amount as fundraising expense. Costs incurred directly by the Association include periodic informational newsletters, which are expensed as incurred. (See also 'Inventory' note above)

Functional Allocation of Expenses – The costs of providing program and supporting services have been summarized on a functional basis in the statement of activities. Certain costs have been allocated based on management's estimates as further provided in the statements of functional expenses.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 - Restricted Net Assets

Summaries of the assets that make up restricted net assets are as follows for the year ended December 31, 2009:

	2009	
	Temporarily Restricted	Permanently Restricted
Scholarship Funds	\$ 29,301.53	\$ -
Reunion Funds	\$550.00	-
Emergency/Disaster Relief Funds	\$501.07	-
Total	<u>\$ 30,352.60</u>	<u>\$ -</u>

Note 3 - Donated Goods and Services:

The following summary of donated goods and services is reflected in the accompanying financial statements:

<u>Donated:</u>	
Accounting services - expensed	\$1,355.00
TOTAL Donated Goods and Services	<u>\$1,355.00</u>

Volunteer services that do not require specialized skills are not reflected in the accompanying financial statements. The fair value of management's estimate of at least 982 volunteer hours is worth approximately \$21,800 for the year ended December 31, 2009. Management estimates the dollar value of volunteer time according to the annual Bureau of Labor and Statistics value of average hourly earnings of all production and non-supervisory workers on private non-farm payrolls.

Note 4 - Federal Income Taxes:

A/101 Aviation Association, Inc. is a tax-exempt organization under the Internal Revenue Code Section 501(c)(19). As such, the organization is subject to income taxes only on unrelated business income. During the year ended December 31, 2009, the Association had no unrelated business income; and, accordingly, no provision for federal income taxes has been reported in the accompanying financial statements.
